**Q) How can a customer verify their Military eligibility and how long does the verification process take?**

A) All verification must be completed through the [www.Fordsalutesthosewhoserve.com](http://www.Fordsalutesthosewhoserve.com) site, by clicking on the "Register for Your Offer" link. This will route a consumer to our verification partner ID.me. Verification process typically take less than a minute; however when verifying through the document upload option, it may take up to 4 minutes.

**Q) What are some of the ways a consumer can confirm verification via ID.me?**

A) Consumers have the option to verify military eligibility using one of these items listed below:

- **Military (.mil) Email Address**
  - Active Duty, Inactive Reserves or National Guard, may verify their service by confirming a .mil email address. After you submit your information, a verification code will be sent to the .mil email address provided.
  - Once you receive that code, copy and paste it into the verification window on ID.me and your account will be verified.
    - **NOTE:** This option requires that you have immediate access to your military e-mail account.
- **USAA Membership**
  - USAA has formed a relationship with ID.me to allow members to use their USAA membership to verify their military service affiliation. You must be one of the following to be verified in this manner:
    - You are a USAA member
    - You have Property & Casualty Insurance through USAA
    - You are the primary owner of the account
- **Military Service Record**
  - This option is only available to those that have **served on Active Duty** and have an **Active Duty service date that falls AFTER 09/30/1985**.
  - You will need to enter the name you held when you were discharged or the name listed on your military records (such as your maiden name). Do not include your middle initial or suffix.

- **If you are unable to use any of the above options – the last option is to Upload Military Documentation**
  - You may upload a digital copy of the following:
    - DD214 (Discharge Details Form 214)
    - Leave and Earning Statement (LES)
    - NGB-22 (National Guard Bureau similar to a DD214)
    - Active duty Enlisted Records Brief (ERB)/Officers Record Brief (ORB)
    - (There are multiple ways of getting a copy of your paper documentation on to your computer in a digital format; including (but not limited to) using a scanner or you can take a picture with a smartphone or tablet and e-mail it to yourself, etc.)

**NOTE:** If there is an issue with verifying through ID.me, please contact PHQ at 1-877-372-3756.

**Q) I do not have an email address is there a way to verify without an email address?**

A) Currently, it is required that everyone have a valid email address to be verified and to obtain their certificate number. This email will receive the confirmation of the offer which can be used as proof of eligibility at the dealership. If one does not have a valid email, nor is able to have the confirmation sent to a loved one's email – then a new email address must be created. The customer should then use this new email address and created password to obtain their verification and certificate number.

**Q) I do not want to provide my Social Security Number, is there another method to verify?**

A) There are currently two ways to verify via the new ID.me process that **do not** require a consumer to provide SSN:

- Using .mil email address
- Using USAA Membership (only last 4 are required)

We understand that these two methods may not work for every consumer. However, we have always required documentation for program eligibility. In addition, our partner, ID.me may also require sensitive pieces of information to verify that you are eligible for a particular benefit and that no one else can claim that benefit by pretending to be you. This is typically the case for high value benefits because of the substantially increased risks of fraud. This information is strictly used for verification and fraud prevention purposes to audit and ensure your eligibility. ID.me does not use this information for marketing or re-targeting purposes.

Please be assured that security and safety of consumer information is of utmost importance to both Ford Motor Company and ID.me. You may refer to ID.me's Privacy and Security Statements for more details. ID.me protects all sensitive data with AES 256-bit encryption at rest and RSA 2048-bit encryption in transit.

**Q) I do not want to upload any information via id.me. Is there another process?**

*A) Ford Motor Company has initiated this process to ensure the utmost level of verification, as well as to reduce dealer workload and exposure to audits associated with this program. At this time customers must be verified using this method. With this said, using the .mil or USAA Member verification does not require the upload of documentation.*

**Q) I have uploaded documentation but have not received an email confirmation?**

- 1. Confirm if the customer provided a valid email address? Check email and SPAM folders.*
- 2. Confirm that customer falls within program criteria. See Program eligibility question above.*
- a. Please note: All Veterans are eligible in this 2Q Enhancement. Normally Veterans are only eligible for 180 days after their discharge date.*

- 4. Dealers can also check the eligibility by verifying Smart VINCENT Certificate Inquiry to validate if a certificate number was already generated for the customer. Certificate numbers are uploaded nightly and should be available next business day via Smart Vincent.*
